2. Introduction

The Company maintains the Plan for the exclusive benefit of eligible Employees and eligible family members or "dependents." It is important that you share this document and the materials referenced herein with your covered dependents. The Plan provides health and welfare benefits through the benefit programs listed in Section 15. See Section 15 for a listing of benefit programs and the entities that help administer the programs.

Each of these benefit programs is summarized in a certificate of insurance booklet issued by an insurance company, a summary plan description or another document (a "Benefit Description"). A Benefit Description will be available from the insurer (if the benefit is fully-insured) or Plan Administrator (if the benefit is self-funded). Whether a benefit program is fully-insured or self-funded is noted in Section 15.

This document and its attachments constitute the plan document required by ERISA § 402. This document and its attachments, coupled with the information booklets and other descriptive materials provided for benefits as described in Section 15 constitutes the wrap Summary Plan Description as required by ERISA § 102.

Benefits hereunder may be provided pursuant to an insurance contract or pursuant to a governing document adopted by the Company. If so, these contracts are made a part of this Plan document, and the contracts and Plan document should be construed as consistent, if possible. If the terms of this Plan document conflict with the terms of such insurance contract or other governing document, then the terms of the insurance contract or governing document will control, with the exception of defining eligible employees and dependents, which is determined by the Company, unless otherwise required by law.

4. Eligibility and Participation Requirements

Eligibility and Participation

An eligible Employee with respect to the Plan will be an Employee who is eligible to participate in and receive benefits under one or more of the benefit programs. To determine whether you or your family members are eligible to participate in a benefit program, please see Section 15. Reclassification from non-employee to employee status by a court or any agency or by the Company will not create any retroactive right to coverage.

Certain benefit programs require that you make an annual election to enroll for coverage.

Generally, you cannot enroll, drop coverage, or change your or your dependents coverage under the plan except during annual Open Enrollment. However you may be able to add or drop coverage for yourself or a dependent during the plan year if you experience an event that triggers a HIPAA Special Enrollment Right (see discussion below) or if you have a status change event. Please review the rules for changing your benefits elections very carefully as the rules regarding making benefits changes mid-year must be strictly enforced.

Information about enrollment procedures is provided by the Company. Information about when your participation begins in various benefit programs is found under Section 15. You must follow any required enrollment procedures. **Always make sure the Company has your current home address and other contact information for you and your covered dependent to correctly administer your benefits and to send you important benefits information.**

Eligible Dependent Status

Section 15 describes whether your spouse and or child can participate in a particular benefit program. Section 15 also describes any limits on such participation. For example, children covered under the Medical benefit program generally can be covered until the end of the month during which they reach age 26. However, coverage may end earlier for other benefits (or may not be available at all). For specifics on eligibility for each benefit offered refer to Section 15. Note that the definition of dependent may be different for the different benefits offered under the Plan.

You cannot be covered both as an employee and as a dependent under the plan.

Full Time Status and the ACA

Under the ACA, employers are required to report specific benefits information to IRS on “full-time” employees as defined by the ACA. A “full-time” employee is generally an employee who works on average 130 hours per month. Employers may also face penalties if they do not offer major medical coverage to substantially all full-time employees or if the coverage they offer is unaffordable or does not meet a minimum value standard. The Company determines full-time status using the “Monthly” method. ACA full-time status is not a guarantee of major medical benefits eligibility. Benefits eligibility is described in Section 15.

Special Enrollment Provisions under HIPAA

Under the Health Insurance Portability and Accountability Act of 1996 (HIPAA), a special enrollment period for the Medical benefit program (or similar benefit programs providing medical benefits) may be available, usually if you lose medical coverage under certain conditions or when you acquire a new dependent by marriage, birth, or adoption.

If you are declining enrollment for yourself or your dependents (including your spouse) because of other health insurance coverage, you may in the future be able to enroll yourself or your dependents in this Plan, provided that you request enrollment within 30 days after your other coverage ends. In addition, if you acquire a new dependent as a result of marriage, birth, adoption, or placement for adoption, you may be able to enroll yourself and your dependents, provided that you request enrollment within 30 days after the marriage, birth, adoption, or placement for adoption.

In addition, if you declined enrollment in the Plan for yourself or your dependents (including a spouse) because of coverage under Medicaid or a State Children's Health Insurance Program, there may be a right to enroll in this Plan if there is a loss of eligibility for the government-provided coverage. However, a request for enrollment must be made within 60 days after the government-provided coverage ends.

Finally, if you declined enrollment in the Plan for yourself or your dependents (including a spouse), and you or a dependent later becomes eligible for state “premium assistance” through Medicaid or a State Children's Health Insurance Program which provides help with paying for Plan coverage, then there may be a right to enroll in this Plan. However, a request for enrollment must be made within 60 days after the determination of eligibility for the state assistance. ***Medicaid and State Children's Health Insurance Program premium assistance are not available with respect to coverage under a health FSA or a high-deductible health plan. Thus, this special enrollment event will not apply to such plans.***

Coverage during Certain Leaves of Absence

Certain Federal (and State) statutes like the Family and Medical Leave Act (FMLA) require that eligibility for medical benefits continue for employees on those protected leaves of absence under the same terms as active employees. If any employee cost sharing is required for active employees, during a paid leave the employee portion of the premium will be deducted from wages on a pre-tax basis. For unpaid leaves, any required employee cost sharing will be paid as regular monthly intervals during the leave on a post-tax basis.

You may also generally discontinue coverage at the beginning of such an unpaid leave and when you return your benefits will either be reinstated or you may re-enroll for the remainder of the coverage period or plan year.

Human Resources must determine whether or not you are eligible for a statutory or other leave of absence.

Terms of Participation

Your participation and the participation of your spouse and dependents in a benefit program will terminate according to the terms of the specific benefit program. Generally, coverage for most benefit programs terminates on the last day of the month in which you terminate employment, but certain benefit programs may provide coverage only through the date your employment terminates. Please see Section 15 for further information on the date participation in a specific benefit program will terminate.

Coverage may also terminate if you fail to pay your share of an applicable premium, if your hours drop below the required hourly threshold for the particular benefit, if you engage in fraud or make an intentional misrepresentation of a material fact, or for any other reason as set forth in the attached documents. You should consult Section 15 for a general summary and the attached documents for specific termination events and information.

Coverage may be terminated retroactively in the normal course of business due to a participant's termination of employment, nonpayment of premiums, loss of dependent eligibility or other, similar factors. When you or a dependent lose eligibility for benefits, regardless of whether or not you timely report that loss of eligibility, a change to any existing salary reduction election will be made automatically. To the extent that the coverage at issue does not allow for retroactive termination of that coverage and election to the date of the loss of eligibility, such changes will be prospective. If coverage can be terminated retroactively to the date of the loss of eligibility, or sometime thereafter, excess salary reduction contributions will be refunded on a post-tax basis to the date the termination of coverage can be made effective.

Any person claiming benefits under the Plan shall furnish the Company, any insurance company or other entity working on behalf of the Plan or a benefit program with such information and documentation as may be necessary to verify eligibility for and/or entitlement to benefits under the Plan or a benefit program. This may include but is not limited to providing social security numbers, birth certificates, marriage certificates, or proof of dependent eligibility. Failure to cooperate and provide such information will lead to a loss of eligibility for benefits.

Knowingly enrolling an ineligible dependent in plan benefits constitutes fraud and is considered a material misrepresentation that will result in termination of coverage as well as other disciplinary action up to and including termination of employment. Eligibility for benefits is described in Section 15. If you have questions about whether a dependent is eligible you must contact Human Resources before enrolling that dependent.

COBRA Rights

You may be eligible for COBRA continuation coverage or conversion policies when your coverage for a medical benefit program under this Plan terminates. Information about continuation coverage or conversion is contained in Appendix A. If you have questions about this law or these rights, please contact the Plan Administrator (for benefit programs that are self-

funded) or the insurance carrier (if the benefit is fully-insured). You can determine whether a benefit program is self-funded or fully-insured by consulting Section 15.

For the Health FSA benefit program, COBRA continuation coverage is available if your account is underspent (if the COBRA premium for the account (the monthly salary reduction election + 2%) for the remainder of the coverage period is less than the account's balance) but generally cannot extend beyond the end of the Plan Year (including any 2½ month grace period). COBRA continuation coverage will not be offered with respect to the Health FSA benefit program if your Health FSA is overspent, unless otherwise required by applicable law.

5. Summary of Plan Benefits

Benefits and Contribution

The Plan provides you and your eligible spouse and dependents with the benefit programs listed in Section 15. A summary of each benefit program provided under the Plan may be provided in the attached documents (such as a certificate of insurance booklet, summary plan description for a specific benefit program or other governing document). Note that some of the attached documents may be labeled as a "summary plan description." If so, that document will only be a summary of the specific benefit program to which it relates. Notwithstanding any of the terms of such a document, that document is not the formal, single "Summary Plan Description" for this Plan. Rather, this document constitutes the formal, single "Summary Plan Description."

The cost of the benefits provided through the benefit programs may be funded in part by Company contributions and in part by pre-tax and/or post-tax employee contributions. The Company will determine and periodically communicate your share of the cost, if any, of the benefit programs. The Company reserves the right to change that determination.

The Company will make its contributions, if any, in an amount that (in the Company's sole discretion) is at least sufficient to fund the benefits or a portion of the benefits that are not otherwise funded by your contributions. The Company will pay its contribution and your contributions to any insurance carrier or, with respect to benefits that are self-insured, will use these contributions to pay benefits directly to, or on behalf of, you or your eligible family members from the Company's general assets. Your contributions toward the cost of a particular benefit program will be used in their entirety prior to using Company contributions to pay for the cost of such benefit program.

Medical benefits under this Plan may be subject to cost-sharing provisions, premiums, deductibles, co-insurance, copayment amounts, annual or lifetime limits, pre-authorization requirements or utilization review. There may also be limitations on the selection of primary care or network providers, limits on emergency medical care, or limited coverage for preventive services, drugs, medical tests, medical devices or medical procedures. These limitations are set forth in the attached documents.

Certain prescription drug benefits are considered "Creditable Coverage" under Medicare Part D. The attached documents provide details regarding this coverage and an annual notice (attached and incorporated by reference in Appendix B) explains how this creditable coverage works for these prescription drug benefit programs.

The Plan will provide benefits in accordance with the requirements of all applicable Federal laws regulating group health plans, such as COBRA, HIPAA, NMHPA, WHCRA and the Affordable Care Act. A brief summary of some of these laws is below.

Newborns' and Mothers' Health Protection Act (NMHPA) of 1996

Group health plans and health insurance issuers generally may not, under Federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, Federal law generally does not prohibit the mother's or newborn's attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under Federal law, require that a provider obtain authorization from the plan or the issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

Women's Health and Cancer Rights Act (WHCRA) of 1998

If you have had or are going to have a mastectomy, you may be entitled to certain benefits under the Women's Health and Cancer Rights Act of 1998. For individuals receiving mastectomy-related benefits, coverage will be provided in a manner determined in consultation with the attending physician and the patient, for:

- All stages of reconstruction of the breast on which the mastectomy was performed;
- Surgery and reconstruction of the other breast to produce a symmetrical appearance;
- Prostheses; and
- Treatment of physical complications of the mastectomy, including lymphedemas.

These benefits will be provided subject to the same deductibles and coinsurance applicable to other medical and surgical benefits provided under this Plan.

Qualified Medical Child Support Orders

Group health plans and health insurance issuers generally must provide benefits as required by any qualified medical child support order, or "QMCSO." The Plan has detailed procedures for determining whether an order qualifies as a QMCSO. Participants and beneficiaries can obtain, without charge, a copy of such procedures from the Plan Administrator.

Lifetime and Annual Limits

Lifetime or annual limit on the dollar value of "essential health benefits" are no longer permitted under the major medical plans offered by the Plan. For more information on "essential health benefits" refer to the terms of policies and benefit program materials listed in Section 15. These documents are provided to you during enrollment and are available from Human Resources, the insurer (if the benefit is fully-insured), or Plan Administrator (if the benefit is self-funded).

6. Grandfathered Status under the Affordable Care Act

Non-Grandfathered Benefit Programs under the Affordable Care Act

The following benefit programs that provide health benefits are not “grandfathered health plans” under the Affordable Care Act:

- BCBSNC Medical PPO

These benefit programs must, under the Affordable Care Act, provide additional protections. The protections provided by the Affordable Care Act include the following:

Preventive Services covered at 100%

In-network preventive care services will be covered at 100% with no cost sharing (e.g., copayment, coinsurance percentage, deductible, etc.). Preventive services include those services outlined in the US Preventive Services Taskforce recommendations (services rated “A” or “B”). Please see the attached documents for the preventive services included at no cost share.

Non-Network Emergency Services covered as In-Network

Emergency services must be covered without the need for prior authorization, regardless of the participating status of the provider or facility, and at the in-network cost sharing level.

Access to Primary Care Physicians

The Affordable Care Act generally allows participants the right to designate any primary care provider who participates in the network and who is available to accept the participant and his or her family members. If the benefit program requires that a primary care provider be designated, but one is not designated, the benefit program or a health insurance issuer will designate one until the participant or family member makes such a designation.

- For children, you may designate a pediatrician as the primary care provider.
- You do not need prior authorization from the Plan or from any other person (including a primary care provider) in order to obtain access to obstetrical or gynecological care from a health care professional in our network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals.

7. How the Plan Is Administered

Plan Administration

The administration of the Plan is under the supervision of the Plan Administrator. The Plan Administrator is a named fiduciary within the meaning of ERISA § 402 and has full discretionary authority to administer the Plan, to interpret the Plan, and to determine eligibility for participation

and for benefits under the terms of the Plan. However, insurers and parties that have entered into administrative service agreements (Third Party Service Providers or TPAs) assume sole responsibility for their performance under applicable policies or administrative services agreements and, under ERISA, may be fiduciaries with respect to their performance.

The principal duty of the Plan Administrator is to see that the Plan is carried out, in accordance with its terms, for the exclusive benefit of persons entitled to participate in the Plan. The administrative duties of the Plan Administrator include, but are not limited to, interpreting the Plan, prescribing applicable procedures, determining eligibility for and the amount of benefits, and authorizing benefit payments and gathering information necessary for administering the Plan. (However, as noted below, one or more insurance companies may have these responsibilities with respect to fully-insured benefits.)

The Plan Administrator may delegate any of these administrative duties among one or more persons or entities, provided that such delegation is in writing, expressly identifies the delegate(s) and expressly describes the nature and scope of the delegated responsibility. The Plan Administrator has the discretionary authority to interpret the Plan in order to make eligibility and benefit determinations as it may determine in its sole discretion. The Plan Administrator also has the discretionary authority to make factual determinations as to whether any individual is entitled to receive any benefits under the Plan.

Power and Authority of Insurance Company

As detailed in Section 15, certain benefits under the Plan may be fully insured. The insurance companies are responsible for: (1) determining eligibility for and the amount of any benefits payable under their respective benefit programs, and (2) prescribing claims procedures to be followed and the claims forms to be used by employees pursuant to their respective benefit programs.

Questions

If you have any general questions regarding the Plan, or your eligibility for or the amount of any benefit payable under any benefit program, please contact the Plan Administrator or the appropriate insurance company as applicable.

8. Circumstances Which May Affect Benefits

Denial or Loss of Benefits

Your benefits (and the benefits of your eligible spouse and dependents) will cease when your participation in the Plan terminates. See Section 15. Your benefits will also cease on termination of the Plan.

Right to Recover Benefit Overpayments and Other Erroneous Payments

The Plan and its benefit programs (including any insurance company on behalf of a benefit program) have all necessary or helpful rights to subrogation or reimbursement of benefits. If, for any reason, any benefit under the Plan is erroneously paid or exceeds the amount appropriately payable under the Plan, the recipient of such benefit (the "Recipient") shall be responsible for refunding the overpayment to the Plan or insurance company to the fullest extent permitted by

law. In addition, if the Plan or insurance company makes any payment that, according to the terms of the Plan, policy or contract should not have been made, the insurance company, the Plan Administrator, or the Plan Sponsor (or designee) may, to the fullest extent permitted by law, recover that incorrect payment, whether or not it was made due to the insurance company's or Plan Administrator's (or its designee's) own error, from the person to whom it was made or from any other appropriate party.

As may be permitted in the sole discretion of the Plan Administrator or insurance company, the refund or repayment may be made in one or a combination of the following methods: (a) as a single lump-sum payment, (b) as a reduction of the amount of future benefits otherwise payable under the Plan, (c) as automatic deductions from pay, or (d) any other method as may be required or permitted in the sole discretion of the Plan Administrator or the insurance company. The Plan may also seek recovery of the erroneous payment or benefit overpayment from any other appropriate party.

Any benefit payments or reimbursements made by check must be cashed or deposited within one year after the check is issued. If any check or other payment for a benefit is not cashed or deposited within one year of the date of issue, the Plan will have no liability for the benefit payment and the amount of the check will be deemed a forfeiture. No funds will escheat to any state.

9. Amendment or Termination of the Plan

Amendment or Termination

The Plan and any benefit program under the Plan may be amended or terminated at any time, in the sole discretion of the Company as Plan sponsor, by a written instrument signed by an authorized individual. Some benefit programs may also be amended or terminated by an insurance carrier, as more fully described in any attached documents from an insurance carrier. The policies and agreements may also be amended or terminated at any time in accordance with their terms. No individual (including a retired employee) shall have a right to continuing benefits except to the extent required by law. The benefit programs, insurance carriers, service providers or other information listed in Section 15 and the Appendices hereto may be updated at any time to reflect changes without requiring formal written amendment to this Plan.

10. No Contract of Employment

The Plan is not intended to be, and may not be construed as, constituting a contract or other arrangement between you and the Company to the effect that you will be employed for any specific period of time.

11. No Assignment

Except as may otherwise be specifically provided in this Plan, the benefit programs, or applicable law, an individual's rights, interests or benefits under this Plan or the benefit programs shall not be subject in any manner to anticipation, alienation, sale, transfer,

assignment, pledge, encumbrance, charge, garnishment, execution or levy of any kind, either voluntary or involuntary, prior to being received by the persons entitled thereto under the terms of the benefit programs, and any such attempt shall be void.

Specifically, participants and beneficiaries covered under this plan cannot assign their rights to medical providers to pursue direct payment of claims either as the participant or beneficiaries' agent or under power of attorney. Under the terms of this plan, medical providers cannot take action enforcing a patient's right to recover benefits under ERISA or assert any claims under ERISA on behalf of patients, even where the patient(s) have assigned their rights to their medical providers.

12. Claims Procedure

Claims for Fully-Insured Benefits

For purposes of determining of the amount of, and entitlement to, benefits of the benefit programs provided under insurance contracts or policies, the respective insurer is the named fiduciary under the Plan, with the full power to interpret and apply the terms of the Plan as they relate to benefits.

To obtain benefits from the insurer of a benefit program, you must follow the claims procedures under the applicable insurance contract, which may require you to complete, sign and submit a written claim on the insurer's form.

The insurance company will decide your claim in accordance with its reasonable claims procedures as required by ERISA.

See the appropriate certificate of insurance or booklet for details regarding the insurance company's claims procedures. You must fully follow and exhaust these claims procedures before you can file a lawsuit in state or federal court. You may have a right to seek external review of your claims, if so noted in the applicable insurance contract or policy.

Claims for Self-Funded Benefits

For purposes of determining the amount of, and entitlement to, benefits under the benefit programs which are self-funded, the Plan Administrator is the named fiduciary under the Plan, with the full power to make factual determinations and to interpret and apply the terms of the Plan.

To obtain benefits from a benefit program which is self-funded you must complete, execute, and submit to the Plan Administrator a written claim on the form available from the Plan Administrator. The Plan Administrator has the right to secure independent medical advice and to require such other evidence, as it deems necessary to decide your claim.

The Plan Administrator will decide your claim in accordance with reasonable claims procedures, as required by ERISA. You may have a right to seek external review of your claims, if so noted in the applicable attached document for the self-funded benefit program.

See the appropriate benefits description for information about how to file a claim and for details regarding the claims procedures applicable to your claim. You must fully follow and exhaust these claims procedures before you can file a lawsuit in court.

The Role of Authorized Representatives

Under ERISA and the ACA participants and beneficiaries have the right to designate an Authorized Representative for certain purposes. These purposes are generally limited to requesting documents or other information on behalf of a participant or beneficiary or acting on their behalf during claims and appeals procedures that can follow an adverse benefits determination. In any situation that does not constitute an urgent care claim, to designate any third party as an Authorized Representative a participant or beneficiary must use the signed statement included as an appendix of this document with the required witness signature. A medical provider will not become a participant or beneficiary's Authorized Representative as a result of an attempt to secure an assignment of benefits. The Plan does not guarantee that any purported assignment will be valid under the terms of the Plan.

13. Statement of ERISA Rights

This Statement of ERISA Rights applies to those benefit programs which are subject to ERISA. Not all benefit programs which are part of this Plan will be subject to ERISA. All benefit programs under the plan are subject to ERISA.

Your Rights

As a participant in an ERISA plan you are entitled to certain rights and protections under ERISA. ERISA provides that, as a participant, you are entitled to:

- examine, without charge, at the Plan Administrator's office and at other specified locations, the Plan documents, including insurance contracts, and copies of all documents filed by the Plan with the U.S. Department of Labor (if any) such as annual reports and Plan descriptions;
- obtain copies of the benefit program documents and other program information on written request to the Plan Administrator (the Plan Administrator may make a reasonable charge for the copies);
- receive a summary of the Plan's annual financial report, if any (the Plan Administrator is required by law to furnish each participant with a copy of this summary annual report);
- continue health care coverage for yourself, spouse, or dependents if there is a loss of coverage under the Plan as a result of a qualifying event. You or your dependents may have to pay for such coverage. Review this Summary Plan Description and the documents governing the Plan on the rules governing your COBRA continuation coverage rights.

Fiduciary Obligations

In addition to creating rights for participants, ERISA imposes duties on the people who are responsible for the operation of the benefit program. These people, called "fiduciaries" of the program, have a duty to operate the program prudently and in the interest of you and other program participants. Fiduciaries who violate ERISA may be removed and may be required to reimburse the Plan for any losses they have caused the program.

No Discrimination

No one, including the Company or any other person, may fire you or discriminate against you in any way with the purpose of preventing you from obtaining welfare benefits or exercising your rights under ERISA.

Right to Review

If your claim for a welfare benefit is denied in whole or in part, you must receive a written explanation of the reason for the denial. You have a right to have the Plan Administrator review and reconsider your claim.

Filing Suit

Under ERISA, there are steps you can take to enforce these rights. For instance, if you request materials from the Plan Administrator and do not receive them within 30 days, you may file suit in a federal court. In such a case, the court may require the Plan Administrator to provide the materials and pay you up to \$110 a day until you receive the materials, unless the materials were not sent because of reasons beyond the control of the Plan Administrator. If you have a claim for benefits that is denied or ignored, in whole or in part, and if you have exhausted the claims procedures available to you under the Plan, you may file suit in a court.

Any lawsuit must be filed within 36 months of the final decision on the claim. Exhaustion of the internal claims and appeals procedure is required prior to filing suit.

If it should happen that benefit program fiduciaries misuse the Program's money, or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor, or you may file suit in a federal court. The court will decide who should pay court costs and legal fees. If you are successful, the court may order the person you have sued to pay these costs and fees. If you lose (for example, if the court finds your claim is frivolous), the court may order you to pay these costs and fees.

Questions

If you have any questions about this statement or your rights under ERISA, you should contact the nearest office of the Employee Benefits Security Administration, U.S. Department of Labor, listed in your telephone directory, or the Division of Technical Assistance and Inquiries, Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Avenue N.W., Washington, D.C. 20210. You may also obtain certain publications about your rights and responsibilities under ERISA by calling the publications hotline of the Employee Benefits Security Administration.

14. General Information

COBRA

Benefit programs which provide health benefits generally are subject to the federal law known as COBRA. COBRA generally allows covered participants and beneficiaries to continue in the benefit program, even after a "qualifying event" occurs. For more information about COBRA please see Appendix A. You may also have state law continuation or conversion rights.

Subrogation and Reimbursement

If an individual has a claim for benefits under this Plan or any benefit program, and that individual acquires any right or action against a third party for the person's injury, sickness or other illness which is so covered, then: (a) the Plan shall be entitled to reimbursement for such benefits from such third party up to 100% of the benefits paid by the Plan; and (b) the Plan is automatically subrogated to all such rights or claims of the covered person. The covered person shall cooperate fully with the Plan in the enforcement of the Plan's subrogation and reimbursement rights. In addition, the person shall permit suit to be brought in the person's name under the direction of and at the expense of the Company if the Company so chooses. The Plan shall not be liable for such a person's attorney's fees absent prior written approval from the Plan. The Plan Administrator may require the receipt of a signed and dated subrogation and reimbursement agreement from the person before advancing any monies.

The failure or refusal of a covered person to fully cooperate with the Plan in the enforcement of the Plan's subrogation and reimbursement rights shall result in a forfeiture of all benefits payable to that person, even if such benefits have already been paid, in which event the Company shall retain a right to recover paid benefits which are forfeited in such a manner.

The Company, on behalf of this Plan, shall have a first priority right to recover from and a lien against any payment, whether designated as a payment for medical benefits or any other type of damages, from the proceeds of any recovery, including but not limited to any settlement, award or judgment which results from a claim or lawsuit by or on behalf of a covered person who received benefits under this Plan (even if such covered person is not made whole). The plan is not required to contribute to any expenses or fees (including attorney's fees or costs) incurred in obtaining the funds. The plan's recovery will not be limited or reduced by doctrines (equitable or other) including but not limited to, the make-whole doctrine, contributory or comparative negligence, or the common fund doctrine. The plan's right to full recovery is not reduced if settlement funds or other payments to you are spent or no longer in an individual's possession or control. Notice of the Plan's claim shall be sufficient to establish this Plan's lien against the third party or insurance carrier. The Company shall be entitled to deduct the amount of the lien from any future claims payable to or on behalf of the covered person or payee if the covered person or payee fails to promptly notify the Plan Administrator of a payment received from a third party or insurance carrier that is subject to this Plan's subrogation and reimbursement rights.

In the event that the Plan obtains a recovery against a third party in excess of payments made to or on behalf of the covered person and reasonable out of pocket expenses of the recovery, then the Plan shall pay to the covered person that excess amount recovered by the Plan.

In the event of any direct conflict between this Section 13 and the subrogation and reimbursement provisions in any benefit program, the subrogation and reimbursement provisions in the benefit program shall control. Otherwise, the provisions of this Section 13 shall apply and may supplement those contained in any benefit program.

The above provisions of this "Subrogation and Reimbursement" section apply with respect to a benefit program that is self-funded and does not, in its governing documents (but excluding this Plan document) have a subrogation and reimbursement section. If the benefit program does have such a section that section shall control. With respect to a fully-insured benefit program, the contract or policy from the insurer shall control with respect to subrogation and reimbursement matters.

No Vesting of Benefits

Nothing in the Plan, nor anything in any benefit program, shall be construed as creating any vested rights to benefits in favor of any employee, former employee or covered person.

Waiver and Estoppel

No term, condition, or provision of this Plan or any benefit program shall be deemed to be waived, and there shall be no estoppel against enforcing any provision of the Plan or benefit program, except through a writing of the party to be charged by the waiver or estoppel. No such written waiver shall be deemed a continuing waiver unless explicitly made so, and shall operate only with regard to the specific term or condition waived, and shall not be deemed to waive such term or condition in the future, or as to any act other than as specifically waived. No covered person other than as named or described by class in the waiver shall be entitled to rely on the waiver for any purposes.

Effect on Other Benefit Plans

Amounts credited or paid under this Plan or any benefit program shall not be considered to be compensation for purposes of any benefit program hereunder or any qualified or nonqualified pension plan maintained by the Company unless expressly provided in such benefit program or qualified or nonqualified pension plan, as applicable, or if required by applicable law. The treatment of amounts paid under this Plan or any benefit program for purposes of any other employee benefit plan maintained by the Company shall be determined under the provisions of the applicable employee benefit plan.

Severability

If any provision of this Plan or any benefit program is held by a court of competent jurisdiction to be invalid or unenforceable, the remaining provisions hereof shall continue to be fully effective.

Rebates

In some situations, a rebate may be paid by an insurance company which provides coverage under the Plan. For example, a rebate may be provided under the Medical Loss Ratio ("MLR") rules, which are part of the Affordable Care Act. Except as specifically and unambiguously provided in a Benefit Description, or as otherwise required by applicable law, any rebate from any source will be:

- ☒ Considered an asset of the Company, not the Plan. The Company does not need to use such a rebate to benefit Employees, participants or beneficiaries. The Company can use such a rebate for the Company's own purposes.
- ☐ An asset of the Plan in proportion to how much of the rebate relates to Employee, participant, or beneficiary contributions. The portion relating to Company contributions shall not be considered a Plan asset. The Company will have the ability to make certain assumptions or minor changes (such as rounding to the nearest \$1 or \$10) when determining the amount which is considered a plan asset. The Company shall have discretion to determine how to use all amounts. Amounts which are plan assets will be used to benefit individuals selected by the Company. This group of individuals may not be identical to the group which relates to the rebate. In addition, certain individuals can receive the rebate (or the benefit of the rebate) even if the rebate related to a different benefit, to the extent allowed by applicable law.
- ☐ The entire amount shall be an asset of the Plan, to be used for the benefit of individuals covered by the Plan.

In all situations where ERISA applies the use of any ERISA-covered plan assets will be governed by applicable law, including but not limited to U.S. Department of Labor Technical Release 2011-04.

Priority of Payments and Contributions

Payment of all benefits shall be deemed to come first from amounts contributed by eligible Employees and then from amounts contributed by the Company. Notwithstanding the foregoing, Employee contributions shall not be used for any administrative fees or other similar fees.

Controlling Law

This Plan shall be administered, construed, and enforced according to the federal law and the laws of the State of Maryland, to the extent not preempted by federal law. However, with respect to a fully-insured benefit program, the applicable insurance policy or contract will control with respect to which state's laws apply.

Appendix A: COBRA Continuation

Effective as of January 1, 2025.

Continuation Coverage Rights Under COBRA

Introduction

You're getting this notice because you recently gained coverage under a group health plan (the Plan). This notice has important information about your right to COBRA continuation coverage, which is a temporary extension of coverage under the Plan. This notice explains COBRA continuation coverage, when it may become available to you and your family, and what you need to do to protect your right to get it. When you become eligible for COBRA, you may also become eligible for other coverage options that may cost less than COBRA continuation coverage.

The right to COBRA continuation coverage was created by a federal law, the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). COBRA continuation coverage can become available to you and other members of your family when group health coverage would otherwise end. For more information about your rights and obligations under the Plan and under federal law, you should review the Plan's Summary Plan Description or contact the Plan Administrator.

You may have other options available to you when you lose group health coverage. For example, you may be eligible to buy an individual plan through the Health Insurance Marketplace. By enrolling in coverage through the Marketplace, you may qualify for lower costs on your monthly premiums and lower out-of-pocket costs. Additionally, you may qualify for a 30-day special enrollment period for another group health plan for which you are eligible (such as a spouse's plan), even if that plan generally doesn't accept late enrollees.

What is COBRA continuation coverage?

COBRA continuation coverage is a continuation of Plan coverage when it would otherwise end because of a life event. This is also called a "qualifying event." Specific qualifying events are listed later in this notice. After a qualifying event, COBRA continuation coverage must be offered to each person who is a "qualified beneficiary." You, your spouse, and your dependent children could become qualified beneficiaries if coverage under the Plan is lost because of the qualifying event. Under the Plan, qualified beneficiaries who elect COBRA continuation coverage must pay for COBRA continuation coverage.

If you're an employee, you'll become a qualified beneficiary if you lose your coverage under the Plan because of the following qualifying events:

- Your hours of employment are reduced, or
- Your employment ends for any reason other than your gross misconduct.

If you're the spouse of an employee, you'll become a qualified beneficiary if you lose your coverage under the Plan because of the following qualifying events:

- Your spouse dies;

- Your spouse's hours of employment are reduced;
- Your spouse's employment ends for any reason other than his or her gross misconduct;
- Your spouse becomes entitled to Medicare benefits (under Part A, Part B, or both); or
- You become divorced or legally separated from your spouse.

Your dependent children will become qualified beneficiaries if they lose coverage under the Plan because of the following qualifying events:

- The parent-employee dies;
- The parent-employee's hours of employment are reduced;
- The parent-employee's employment ends for any reason other than his or her gross misconduct;
- The parent-employee becomes entitled to Medicare benefits (Part A, Part B, or both);
- The parents become divorced or legally separated; or
- The child stops being eligible for coverage under the Plan as a "dependent child."

When is COBRA continuation coverage available?

The Plan will offer COBRA continuation coverage to qualified beneficiaries only after the COBRA Administrator has been notified that a qualifying event has occurred. The employer must notify the COBRA Administrator of the following qualifying events:

- The end of employment or reduction of hours of employment;
- Death of the employee; or
- The employee's becoming entitled to Medicare benefits (under Part A, Part B, or both).

For all other qualifying events (divorce or legal separation of the employee and spouse or a dependent child's losing eligibility for coverage as a dependent child), you must notify the COBRA Administrator within 60 days after the qualifying event occurs. You must provide this notice to the COBRA Administrator:

COBRA Administrator
Vita Insurance Associates, Inc.
1451 Grant Rd. #200
Mountain View, CA 94040

How is COBRA continuation coverage provided?

Once the COBRA Administrator receives notice that a qualifying event has occurred, COBRA continuation coverage will be offered to each of the qualified beneficiaries. Each qualified beneficiary will have an independent right to elect COBRA continuation coverage. Covered employees may elect COBRA continuation coverage on behalf of their spouses, and parents may elect COBRA continuation coverage on behalf of their children.

COBRA continuation coverage is a temporary continuation of coverage that generally lasts for 18 months due to employment termination or reduction of hours of work. Certain qualifying

events, or a second qualifying event during the initial period of coverage, may permit a beneficiary to receive a maximum of 36 months of coverage.

There are also ways in which this 18-month period of COBRA continuation coverage can be extended:

Disability extension of 18-month period of COBRA continuation coverage

If you or anyone in your family covered under the Plan is determined by Social Security to be disabled and you notify the COBRA Administrator in a timely fashion, you and your entire family may be entitled to get up to an additional 11 months of COBRA continuation coverage, for a maximum of 29 months. The disability would have to have started at some time before the 60th day of COBRA continuation coverage and must last at least until the end of the 18-month period of COBRA continuation coverage. If this occurs, you must immediately contact the COBRA Administrator, who will provide details regarding additional required information you must provide and the time period for providing the required additional information.

Second qualifying event extension of 18-month period of continuation coverage

If your family experiences another qualifying event during the 18 months of COBRA continuation coverage, the spouse and dependent children in your family can get up to 18 additional months of COBRA continuation coverage, for a maximum of 36 months, if the Plan is properly notified about the second qualifying event. This extension may be available to the spouse and any dependent children getting COBRA continuation coverage if the employee or former employee dies; becomes entitled to Medicare benefits (under Part A, Part B, or both); gets divorced or legally separated; or if the dependent child stops being eligible under the Plan as a dependent child. This extension is only available if the second qualifying event would have caused the spouse or dependent child to lose coverage under the Plan had the first qualifying event not occurred.

Are there other coverage options besides COBRA Continuation Coverage?

Yes. Instead of enrolling in COBRA continuation coverage, there may be other coverage options for you and your family through the Health Insurance Marketplace, Medicare, Medicaid, Children's Health Insurance Program (CHIP), or other group health plan coverage options (such as a spouse's plan) through what is called a "special enrollment period." Some of these options may cost less than COBRA continuation coverage. You can learn more about many of these options at www.healthcare.gov.

Can I enroll in Medicare instead of COBRA continuation coverage after my group health plan coverage ends?

In general, if you don't enroll in Medicare Part A or B when you are first eligible because you are still employed, after the Medicare initial enrollment period, you have an 8-month special enrollment period to sign up for Medicare Part A or B, beginning on the earlier of

- The month after your employment ends; or
- The month after group health plan coverage based on current employment ends.

If you don't enroll in Medicare and elect COBRA continuation coverage instead, you may have to pay a Part B late enrollment penalty and you may have a gap in coverage if you decide you want Part B later. If you elect COBRA continuation coverage and later enroll in Medicare Part A

or B before the COBRA continuation coverage ends, the Plan may terminate your continuation coverage. However, if Medicare Part A or B is effective on or before the date of the COBRA election, COBRA coverage may not be discontinued on account of Medicare entitlement, even if you enroll in the other part of Medicare after the date of the election of COBRA coverage.

If you are enrolled in both COBRA continuation coverage and Medicare, Medicare will generally pay first (primary payer) and COBRA continuation coverage will pay second. Certain plans may pay as if secondary to Medicare, even if you are not enrolled in Medicare.

Appendix B: Medicare Part D

Effective as of January 1, 2025.

Medicare Part D Notice

Important Notice from Epic Games, Inc. About Your Prescription Drug Coverage and Medicare

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with Epic Games, Inc. and about your options under Medicare's prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

There are two important things you need to know about your current coverage and Medicare's prescription drug coverage:

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.
2. Epic Games, Inc. has determined that the prescription drug coverage offered by the Blue Cross Blue Shield of North Carolina Medical PPO Plan is, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore considered Creditable Coverage. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.

When Can You Join A Medicare Drug Plan?

You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15th to December 7th.

However, if you lose your current creditable prescription drug coverage, through no fault of your own, you will also be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan.

What Happens To Your Current Coverage If You Decide to Join A Medicare Drug Plan?

If you decide to join a Medicare drug plan, your Epic Games, Inc. coverage will not be affected. See below for more information about what happens to your current coverage if you join a Medicare drug plan.

Since the existing prescription drug coverage under Epic Games, Inc. Employee Benefit Plan is creditable (e.g., as good as Medicare coverage), you can retain your existing prescription drug coverage and choose not to enroll in a Part D plan; or you can enroll in a Part D plan as a supplement to, or in lieu of, your existing prescription drug coverage.

If you do decide to join a Medicare drug plan and drop your Epic Games, Inc. prescription drug coverage, be aware that you and your dependents can only get this coverage back at open enrollment or if you experience an event that gives rise to a HIPAA Special Enrollment Right.

When Will You Pay A Higher Premium (Penalty) To Join A Medicare Drug Plan?

You should also know that if you drop or lose your current coverage with Epic Games, Inc. and don't join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later.

If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go nineteen months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join.
